

I am attaching a couple of more photos which you may wish to use in the sports section.

The 1966/67 1st XV ... also has the names of all the team and the season record - unbeaten! Possibly the only 1st XV to ever achieve that feat. No doubt someone will be able to prove me wrong on that one but we believed it to be true at the time.

The "action" shot of me was another taken by 'JET' Townsend, the Physics teacher. He used to come to the matches and he took many really good pictures. He was kind enough to give copies to those people he had 'shot'. This particular one was taken on 26th Sept 1964 and was against Poundswick GS. It was my first season in the 1st XV - I would have been in the 5th form (we won this match 21-9). Also of note on the photo is Dave Slinger (to my right, socks rolled down) who was captain that year and if my memory serves me right was an England U15 International. The Head had a photo in his office of Dave wearing his England Cap - wonder what happened to that?
